Seduta fiacca a Piazzaffari
Salgono le Falck Oscillanti le Fiat

■ MILANO. Una seduta partita bene, ma conclusasi con un finale discretamente negativo. L'indice Mibtel ha chiuso, infatti, con un calo dello 0,41% a 9.877 punti dopo aver sfiorato quota 10.000 salendo fino a 9.996 nel primo pomeriggio. E perfino le Fiat, che erano state il vero motore del rialzo, hanno terminato sotto la fatidica soglia delle 6.000 lire a 5.985, in flessione dello 0,38%. Discreti gli scambi, per un controvalore di 482 miliardi. Effetto, secondo alcuni operatori, del nuovo di 24 ore della discussione sulla riforma previdenziale, il mercato ha voluto così avvertire il Parlamento di non scherzare con la riforma. Venendo al listino, le Stet, richieste per tutta la giornata, hanno chiuso con un rialzo dello 0,11%, negative le Telecom (-1,59) insieme agli altri titoli guida. In vistosa controtendenza le Falck (+2,95), le Ratti (+5,17), Cir (+1,93) e Cofide (+3,19).
