

Il bravo ciclo dedicato al « Teatro del buonumore » si conclude, giustamente, nel nome di Georges Feydeau, punto culmine della tradizione comica francese. Quel che il fortunato scrittore avrebbe impreziosito al finire del secolo scorso, il suo inconfondibile sigillo. La critica contemporanea (quella francese soprattutto) ha riscoperto - Feydeau, individuando nella implacabile geometria delle sue creazioni farsesche una sorta di sottile anticipazione della moderna drammaturgia dell'assurdo. Anche senza giungere nei testi di Feydeau una inesauribile capacità di sollecitare il riso, una allegria ferocia nel deformare inesteticamente situazioni e caratteri che pure hanno un diritto rapporto con la realtà. Qualcosa che si ritrovava in una delle più famose commedie dell'autore parigino, « Champignol senza volerlo » (secondo canale, ore 21,15).
