

Opel Vectra.

L'immagine guida.

In un mondo che scorre più veloce di un battito di ciglia, è il momento di fermare lo sguardo su un'immagine che si imprime. Vectra.

La nuova Opel Vectra corre nelle sensazioni e precorre mode e tendenze nella direzione di uno sviluppo maturo dell'automobile. Perché Vectra è l'immagine guida.

La sua linea è qui per distinguersi al vertice della sua classe, grazie a un Cx di soli 0,29. Vectra è stata modellata dal vento soprattutto per assaporare, nei confronti di tutte le altre vetture che fanno rumore, la sottile vittoria del silenzio.

A chi non intende sciorsi dal sogno, ma desidera un sedile confortevole, tecnologico, Vectra si propone con autovolezza.

Per soluzioni intelligenti, a bordo confort, abitabilità e sicurezza il modello L con pneumatici a ruota fissa, è stato studiato con la superiorità che si è sempre per farsi notare.

La geometria, pensata alle sospensioni, permette a Vectra di sentire il ritmo della strada con la stessa sensibilità con cui anticipa e guida il traffico. Le sensazioni e i rumori a bordo sono sempre a Vostra disposizione. Vectra compie il viaggio, disponibile da 1,8 a 2,8 barrelli, lo spazio più ampio del suo segmento, con

Le motorizzazioni serie su tutti i modelli, a vetture il più efficienti. Selezionate solo i suoni che vi appartengono.
