Quasi indenni dopo la bufera i valori quotati di Metanopoli

MILANO Piazza Affari ha un'iniziativa di spiccare il volo ma qualcosa la trattiene. La soddisfazione per la riconferma di Amato, ieri mattina è diventata scorcio non appena sono apparse le notizie sulla bufera che ha decapitato anche le principali società dell'Eni. A parte la solita voce fasulla sull'arresto di Romiti i primi prezzi avevano segnato un miglioramento, poi lo sconcerto e il ripiegamento, ma dopo poche battute il mercato si è ripreso, digerendo pare anche questo altro choc, anche se nel finale il mercato ha dato segni di nervosismo chiudendo su basi inferiori rispetto all'inizio + 0,79% a quota 1150 Alle 11 era + 0,9 e alle 12 + 1%. La seduta era dedicata alla risposta premi che si è svolta senza problemi col ritiro dell'85% delle parti prenotate. D'altro canto anche i titoli più direttamente interessati non hanno subito gravi scosse quasi che, come è stato rilevato, si sia infranto il rapporto fra causa ed effetto fra vicissitudini giudiziarie di una società e quotazione in Borsa. Si guardi alle Saipem, le cui azioni ordinarie hanno chiuso con un calo contenuto del 1,38% mentre il titolo di risparmio è salito del 2,17%. Ma forse ciò ha una spiegazione se si pensa allo scarso flottante dei valori

di queste società al ristrettissimo azionariato. Le Nuove Piogone sono salite in chiusura dell'117% mentre le Immobiliare Metanopoli e le Italgas sono apparse in lieve flessione. Tra i valori guida le Fiat dopo aver chiuso con un calo dello 0,39% a 5629 lire si sono sollevate a 5740 nel «durante» Le Generali in aumento dell'1,04% a 36 050 lire sono ulteriormente salite a 36 300 lire nel dopolunizio. Chiusure positive anche per Sted Medibanca, Olivetti e Montedison. Notevole il balzo delle Sme del 3,19%. Una visita in forma privata è stata compiuta nei matina dal procuratore generale di Milano Catalani. □ R.G.
