FINANZA E IMPRESA

■ **FIAT.** Da ieri i prezzi delle vetture della Fiat auto subiscono un incremento del 1,5% medio. La decisione è stata comunicata con una nota diramata da corso Marconi.

■ **ICCRI.** Via libera del ministro del Tesoro Barucci al progetto di trasformazione in spa dell'Iccri. L'Istituto centrale di credito per le casse di risparmio con un decreto pubblicato ieri è stato infatti approvato il progetto di ristrutturazione dell'istituto che avrà un capitale sociale di 231 miliardi. L'Iccri avrà anche un nuovo statuto che prevede il mantenimento in mano pubblica della società e ne estende l'operatività alle varie forme di raccolta del risparmio e di esercizio del credito.

■ **GUIDAZZURRA.** Sabato allegato a *Mondo economico* esce l'aggiornamento Guidazzurra-commercio estero: un fascicolo che dà un quadro di insieme del settore a partire dal ministero per includere Ice, Sace, ambasciate e uffici commerciali all'estero.

■ **ASSOFIBRE.** Giancarlo Berti, amministratore delegato Snia Fibre, è il nuovo presidente di Assofibre, l'associazione dei produttori italiani di fibre chimiche.

■ **GRUPPO COFCI ERICI.** Fatturato consolidato di 622 miliardi di lire (+21%), utile di 2,6, investimenti per 109 miliardi. Questi i risultati del consolidato '92 del gruppo Coeclerici (armamento, trading, trasporti e logistica). Paolo Clerici confermato presidente e amministratore delegato, Urbano Fama è il nuovo vice presidente.

■ **NUOVO PIGNONE.** Il Nuovo Pignone del gruppo Eni ha ottenuto due importanti commesse aggiudicate con gare internazionali nel settore del gas naturale per un valore di 230 miliardi di lire. Un primo contratto consiste nella fornitura dei turbocompressori per un impianto di 4 milioni di tonnellate anno di gas naturale liquefatto. L'altro ordine è relativo alla fornitura alla Elf Congo dei turbocompressori per un impianto di reiniezione di gas naturale su piattaforma nell'off shore del Congo.

Reazione positiva delle Fiat
In grande giornata le Stet

■ MILANO. Piazza Affari ha reagito senza drammi al dividendo dimezzato della Fiat per i titoli ordinario e risparmio, anzi ha mostrato subito di voler recuperare dopo giorni di falcidie, con ciò sottolineando il gradimento alle considerazioni del neo governatore Fazio che ha fatto intravvedere tra l'altro un ritorno delle banche all'assorbimento di azioni di società industriali come ai bei tempi della banca mista. Le Fiat dopo aver chiuso con un moderato rialzo dell'1,02% a 5940 lire sono state trattate fino a 6003 lire bucando la fatidica soglia. Il Mib il suo esordio segnalava un aumento dell'1,9% che poi si è gradualmente ridotto chiudendo a +1,09% a quota 1201. Ma la giornata è stata delle Stet molto acquistate anche da esteri, cresciute del 3,17% a 3190 lire seguite a ruota dalle Stet risp. (+2,73%) sul telematico che hanno mostrato ugual vivacità. Le Generali da loro volta salgono a 37.350 lire con un progresso dell'1,55%. In buona giornata anche Mediobanca che salgono del 2,97% e si attestano di nuovo sulle 17000 lire mentre vigorose azioni di sostegno effettuate però su un prezzo trovato assai in basso le Montedison dei ferruzziani recuperano oltre il 4% a 1150 lire. In crescita di oltre l'1% anche Assitalia. In privilegiate e Olivetti a 1.344 lire. Si registra per contro uno scivolone delle Cofide che hanno lasciato sul terreno il 4,21%. Immobili le Gemina mentre sul telematico ordini di acquisto hanno interessato le Ferfin e Comit e Credit.

In mattinata la Consob aveva riammesso alla contrattazione i titoli della Valeo dopo l'annuncio che dal 7 giugno prossimo partirà l'Opa residuale che terminerà il 28 giugno. Ultimo prezzo segnato 1980 lire. R.G.
