

Il '94 si apre col Mib positivo ...ed il Mibtel negativo

FINANZA E IMPRESA

IFT. L'ift, la cassaforte degli Agnelli, ha da ieri, ufficialmente, due nuove guide nelle persone di Umberto Agnelli e Gabriele Galati di Genova. Il cambiamento ai vertici della finanziaria preceduta da Giovanni Agnelli, ha avuto ieri l'imprimatur del cda che ha anche approvato la relazione sul primo semestre chiuso, il 30 settembre scorso, con un utile di 93,4 miliardi, inferiore ai 146 dello stesso periodo dell'anno scorso.

ANFLIA. Carlo Carra, già direttore commerciale dell'iveco, è il nuovo presidente del gruppo autobus dell'Anfia. Lo ha nominato l'assemblea annuale del gruppo riunita nei giorni scorsi a Torino. Nella riunione - si legge in una nota - è stata ricordata la precaria situazione del settore determinata soprattutto dalla drastica riduzione dei finanziamenti prima, e dalla totale sospensione degli stessi poi, con conseguenze drammatiche sulle aziende produttrici e sull'occupazione.

MILANO. La Borsa di Milano dà il via al nuovo anno borsistico e al ciclo mensile di gennaio con una giornata dominata quasi interamente dal raziocinio. Gli entusiasmi palestinesi nelle prime battute si sono piegati immediatamente sotto il peso dei dati provenienti dalla Germania che davano l'M3 ancora fuori controllo tradendo così le aspettative del mercato su un'eventuale riduzione dei tassi. L'indice Mibtel ha infatti chiuso a quota 10464 in calo dello 0,82%, a differenza dell'indice Mib che ha registrato un rialzo dell'1,23% a 1322. Nessuna tragedia secondo gli operatori. Il mercato si è dimostrato sempre ben intonato, con volumi ridotti rispetto alle

medie degli scorsi giorni, ma sempre discretamente sostenuto. Inoltre, l'arrivo dei 70 titoli sul circuito telematico ha creato qualche disguido tecnico, soprattutto per i valori a flottante ridotti. Protagoniste della seduta, fra le blue chips, sono state le Credit (scambiati 26 milioni di pezzi) che hanno lasciato sul circuito il 3,1% chiudendo con un prezzo di riferimento di 2250 lire (dopo aver toccato il minimo di 2181). Secondo alcune ipotesi la perdita del titolo sarebbe legata alla decisione di assegnare un solo lotto minimo di 2500 azioni, che avrebbe spinto alcuni investitori a disfarsi dei titoli. Sempre fra i bancari andati, che le Mediobanca hanno per-

so il 2,7% chiudendo sotto le 15000 lire e il Comit con un calo dell'1,3%. Positive le performance per i titoli Olivetti che hanno chiuso in salita del 1,5% mentre le Cir hanno registrato un assestamento (-0,3%) dopo una seduta in segno positivo. In casa Agnelli le Fiat hanno perso il 2,1%, le Iri privi il 2,5% e le Ifil il 3,1%. In calo anche la Gemina e la Sna Bpd, mentre le Rinascenze e le Toro hanno chiuso in progresso rispettivamente dello 0,7% e del 2,4%. Deboli i telefonici, mentre fra gli assicurativi si segnalano i regressi di Ras (-1,2%) e Sai (-1,3%). Le Ccd hanno guadagnato il 2,7%, le Sme il 2,2%, mentre le Parmalat sono scivolate dell'1,4%.
