IL FILM: Adrenalina blu

L'eroe del fumetto di fine anni Cinquanta immortalato in una pellicola spettacolare

Michel Vaillant, dal fumetto di Jean Graton alla penna di Luc Besson, fino alla macchina da presa di Louis-Pascal Couvelaire. L'eroe delle corse automobilistiche francesi Michel Vaillant, creato alla fine degli anni '50 e popolarissimo oltretutto, vive qui la sua celebrazione di celluloido, in un film molto spettacolare - visivamente parlando - ma altrettanto arido e inconcludente nel suo complesso di opera cinematografica.

Prey for rock&roll

Di Alex Steyermark con Gina Gershon, Drea De Matteo, Lori Petty, Shelley Cole

Dalle confessioni autobiografiche della cantante punk Cheri Lovedog, ecco l'opera prima di un regista di videoclip musicali. Se l'aspettativa è quella di un film sul rock e sui suoi miti, non andate a vederlo, c'è un serio rischio di rimanerne delusi.

Harry Potter e il prigioniero di Azkaban

Di Alfonso Cuarón con Daniel Radcliffe, Emma Watson, Gary Oldman

Harry Potter numero tre. Cambia la regia e con essa anche il risultato, sia in meglio che in peggio, posto che Harry Potter è sempre uguale a se stesso.

Angeli ribelli

Di Aisling Walsh con Aidan Quinn, Iain Glen, Dudley Sutton

Ricordate lo scioccante e bellissimo "Magdalene" di Peter Mullan, uscito due anni fa? Siamo sempre in Irlanda, alla fine degli anni Trenta.
